

## **East European and Mediterranean Meeting on Cerebral Palsy and Development Medicine, 2022 (EEMCPDM)**

Dear colleagues,

You are cordially invited to take part in the **East European and Mediterranean Meeting on Cerebral Palsy and Development Medicine (EEMCPDM)**, which will be held on June 22-25, 2022 in Yerevan, Armenia.

The conference is aimed to discuss the problems of early diagnosis and treatment methods for cerebral palsy and other neuromuscular diseases, using modern approaches in diagnosis, the examination of the gait, orthopedic surgeries, as well as rehabilitation therapy and their application in practice.

Within the framework of the conference, it is planned to hold two seminars on gait analysis and on modern approaches in rehabilitation therapy and their application in practice.

The conference will be attended by leading experts from the USA, Canada, Europe, Israel, Lebanon and other countries, who will give lectures on the main problems of the prevention, diagnosis, treatment and rehabilitation of children with neuromuscular pathology.
